

Which Senses?

Name: _____

Date: _____

Parent Signature: _____

Parent: In THE GREAT BODY SHOP, we are learning how the senses help us learn about the world around us. Read the directions on this page to your child. Help him/her to circle the senses used to identify each of these items. At dinner tonight, why not talk about the senses? Ask your child to describe what the food tastes like (*salty, sweet, etc.*). Which foods have an aroma? Which are soft and which are hard? What color is the food?

We can use many senses at the same time. Look at each picture. Circle the senses you use for each one.

Objective: To recognize that the senses work together to give us information about the world around us.
